**D.V.A. CIRCULAR NO. 2021 – 13**

**March 18, 2021**

**Dear Residents,**

**On Monday, March 22, 2021, all our security guards, maintenance personnel and office staff will undergo Covid 19 Antigen testing. Those found positive will be given a RT PCR test to confirm. The rising cases being reported leads us to this extra precaution. Since our security and maintenance personnel will be quarantined inside Dasmariñas Village for the next two weeks, we wanted to ensure their health status to avoid the potential spread of the virus among our personnel.**

**Furthermore, we will be temporarily imposing more stringent procedures when doing business in our office. On Saturday, March 20, our office will be closed as DVA facilities will undergo disinfection to prepare for the use by our security and maintenance personnel.**

**Thank you very much for your support and cooperation.**

**DVA MANAGEMENT**
