ENVIRONMENTAL COMMITTEE

- **Follow-up**

Pruning of trees is going on supervised by Mrs. Backy Celdran.

Remember to clean stagnant waters in your properties to prevent the spread of Dengue Fever.

- **Smoke Belching from vehicles**

October is coming soon and we shall be renewing our car stickers. We shall recommend the non-issuance of stickers to smoke-belching cars.

- **Regarding cats**

A village resident has been bitten by a stray cat. Please do not feed them. These cats may be rabid. We want to lower the cat population in a humane manner.

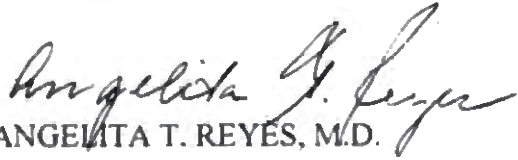

- **Reminder**

All security guards and domestic helpers must stay within the premises of their employers. These gatherings outside the employers' residence is also a security problem.

- **Good news**

Our water supply is potable.
