D.V.A. CIRCULAR NO.32-2001

December 14, 2001

D O G S

Although we know a dog is man's best friend, unfortunately, there are exceptions. We have been receiving reports and complaints from residents who have been walking their dogs, on a leash, and have been attacked by vicious dogs that are out on the street without proper controls.

Kindly be reminded that we have strict rules covering dogs:

- dogs must be on a leash whenever they are outside;
- dogs must be kept inside residents' yards;
- care of and control of animals are the owners' responsibility;
- a fine of P1,000.00 will be imposed for animals who go astray and are caught;
- have a scoop bag ready to clean any mess when walking your dog.

There is no excuse for dogs going astray. We have gardens with fences and gates. We have household helpers who should be able to handle animals so that these dogs do not escape.

We cannot over-emphasize the potential harms that a loose, savage animal can do. Our pet, or worse, our children may be badly hurt because of careless, irresponsible behavior by some of our residents.

Majority of our dogs are loving, well behaved pets. Obviously there are exceptions which need to be addressed. Kindly keep your dog/s properly cared for, trained and controlled. There have been circulars sent on this issue.

We hope everyone will give this matter serious consideration and attention.

ISABEL CARO WILSON
President
