ATTEMPTED CARNAPPING

We have two reports of separate attempts to carnap two cars, both Pajeros. One of the Pajeros was equipped with a steering wheel lock.

We would like to stress the following:

- Vehicles parked outside must be properly locked and secure at all times.
- The Association is not responsible for any loss or damage to such cars.
- Our security guards and patrols are on constant alert for any untoward developments.

Security in and around the Village will be reinforced by the following measures:

- Closure of the Amorsolo Gate at 10:00 PM. This will stop the use of Amorsolo as a shortcut at night.
- From 10:00 PM to 5:00 AM the security guards at the Pasay Road and Palm Ave. gates will conduct close inspection of vehicles entering or exiting our Village.

We realize that these measures may cause some inconvenience but we hope you will bear with us in our effort to safeguard life and property.
