**CARNAPPING –
PRECAUTIONARY MEASURES**

We heard of several carnapping incidents in other Villages which happened while the vehicles are parked on the streets. Here are some simple tips that may help prevent being victimized by the carnappers:

- An honest driver is the best guarantee for your vehicle's safety so require NBI clearance, photograph and character references from the person you want to hire as your driver.
- Always park vehicle inside your garage especially at night.
- Install safety gadget like steering wheel lock system.
- Always remove the key from the ignition keyhole when not in use.

We have our guards regularly on patrol for 24 hours. However, security of our residents should be a concern of everyone. If you observe any suspicious-looking individuals in our Village, please report immediately to our Security at the following telephone numbers:

810-8484; 810-8787; or 810-1515

Thank you.

RAYMUNDO O. FELICIANO

Chairman

Security & Traffic Committee

Dasmariñas Village Association

Dear Resident:

Attached is a leaflet showing our waste segregation system and the day and time our Village waste are scheduled for collection. We would like to emphasize the importance of adhering to our Solid Waste Management System to ensure the cleanliness of our environment. Moreover, kitchen waste or "nabubulok" **MUST** be brought out **DAILY** because if they are not collected within two (2) days or more, they begin to smell bad and maggots start to develop.

Our garbage contractor operates an Ecological and Composting Center where kitchen and garden waste are processed into compost fertilizers. Their permit will be cancelled by the Department of Environment and Natural Resources (DENR) if their center smells foul or maggots are found upon inspection. Thus, our Village will be adversely affected by way of uncollected or irregular waste collection.

We, therefore, make an appeal to you to strictly and consistently follow our waste segregation and collection system. Please instruct and supervise your househelpers on the proper way of disposing and schedule of collection of your waste. **AGAIN, KITCHEN WASTE MUST BE BROUGHT OUT DAILY.**

Thank you.

BACKIE P. CELDRAN
President
