MWCI Old Pipe Replacement Project

=====

GOOD NEWS!

In line with the water service improvements of Manila Water Company Inc. (MWCI) and in coordination with Dasmarinas Village Association (DVA), ageing pipelines within the Village will be replaced. When completed, this pipe replacement will help increase water pressure and ensure that Dasmarinas Village residents enjoy potable water that is distributed through a more efficient network free from leaks.

The first phase which will be implemented in the 1st and 2nd quarters of this year will include pipelines along:

- Tamarind Road from Amorsolo to Acacia
- Sampaguita, Sinaguelas, Sagu and Santan Street
- Mahogany from Acacia to Pasay Road
- Dasmarinas Ave., Tamarind to Mahogany

MWCI assured us that there will be no disruption of water service while this project is being undertaken. Necessary precaution and steps will be undertaken to ensure the safety of the residents.

Please bear with us for the little inconvenience.

BACKIE P. CELDRAN
