D.V.A. Circular No. 2014 – 02

January 14, 2014

Dear Residents,

This is to inform our residents that after careful deliberation, effective January 19, 2014, Right Eight Security Agency will be replaced by First Eagle Security Agency. After a formal bidding we have awarded DVA's security service contract to First Eagle due to their extensive coverage and experience in the industry. You may have observed dual postings of guards at the village gates, as this is standard operating procedure during a turnover of security agency.

The Board decided to replace Right Eight in order to address the issue of loss of confidence due specifically to their handling of the incident last November 30, 2013, involving Mayor Binay. To name a few:

1. Unauthorized and inaccurate representation of DVA to the Media in matters pertaining to the November 30 Banyan gate incident.
2. Right Eight management cited inaccurate policies involving VIPs. Our existing policy covers the President and Vice-President of the Philippines. On a case to case basis, exceptions are granted provided that ample lead time is given to DVA.

The Security and Safety of Dasmariñas Village is our primary concern, given the drastic improvements in security the past year, we have high regards for the current security guards assigned to our village. Thus they have been given priority to be absorbed by First Eagle Security to continue serving in Dasmariñas Village.

We would like to request our residents to be understanding during the next few weeks as the new guards will need time to adjust and become familiar with Dasmariñas Village policies as well as its residents.

In behalf of the Board of Governors,

JAY PANTANGCO
President
