VILLAGE UPDATE AFTER TYPHOON GLENDIA

Dear Residents:

We would like to give you an update on our Village after typhoon Glenda left our country:

- All streets were rendered passable since 8:30 PM of Wednesday, July 16, 2014.
- Clearing of debris started yesterday, Thursday, July 17, 2014 with priority on the main roads.
- Entire Village was already energized since yesterday except for 11 houses due to disconnected service line; continuous coordination with MERALCO is being done to send its maintenance crew to attend to this matter.
- Request from some residents to assist them in clearing fallen trees inside their property shall be done on a "first call-first served" basis because we cannot do this all at the same time.

May we take this opportunity also to make this urgent appeal:

- Help us to fast track the Village clearing operation and let us live out the Filipino "BAYANIHAN" spirit by clearing your frontage of all debris through your househelps.
- Be patient with us as we continue to follow up with Meralco to have all houses energized immediately.

Thank you.
