CIRCULAR NO. 2015 – 43

December 17, 2015

**ADVISORY FROM METROPOLITAN
MANILA DEVELOPMENT AUTHORITY (MMDA)**

Dear Residents:

We received a letter from MMDA Chairman, Atty. Emerson S. Carlos, informing us that the Technical Working Group (TWG) for Traffic Management along EDSA agreed to extend the concrete barriers from the end of the ramp of Magallanes Flyover, northbound, until after our Amorsolo Gate.

According to the TWG, the swerving of vehicles to the right entering our Amorsolo Gate is causing traffic in the area. To minimize congestion, we were advised to use other gates to enter the Village.

MAMERTO R. RODRIGUEZ

Village Manager
