**D.V.A. Circular No. 2016 - 34**

**October 13, 2016**

## **GUIDELINE ON COLLECTION OF KITCHEN WASTE**

Dear Residents:

The DVA Board of Governors is enjoining residents to help maintain a clean and beautiful environment in and around the Village. One area where residents can help is in following the schedule of the Village garbage/waste collection, particularly on kitchen waste which if improperly handled may result to other concerns for the Village.

Please be informed that kitchen waste will now be collected **every Monday, Wednesday, Friday, and Sunday effective October 16, 2016.**

Here are the guidelines in the orderly and proper handling of kitchen waste:

1. must be placed inside the green trash bin issued to every household and be brought out before 7:00 PM,
2. the green garbage bin must be tightly covered to avoid spillage of the contents that may cause stinking odor and/or spread of pests such as ants, cockroaches, etc.
3. after collection of the kitchen waste is done, the bin must immediately be brought inside the house.

Please be reminded also about the collection schedule of the other type of waste, as follows:

**Garden/Yard Waste** : every Tuesday, Thursday and Saturday,  
starting at 8:00 AM

**Residual/Recyclable Waste** : every Monday, Wednesday, Friday and Sunday,  
starting at 9:00 PM

You may send your inquiries and clarification through email: [dasma.association@yahoo.com](mailto:dasma.association@yahoo.com)

Thank you.

  
**MAMERTO R. RODRIGUEZ**  
Village Manager
