June 6, 2017

AN URGENT REQUEST

Dear Residents:

Just like security and safety, the cleanliness of our Village and its surroundings is a shared responsibility between the Association's management and our members/residents.

Please be reminded that the Village waste management system provides for the segregation of waste matters into three (3) categories: kitchen, residuals, and garden waste. It is, therefore, important that everyone takes note of the following schedules of waste collection to maintain a clean and healthy community:

- Aside from segregating the waste into the three (3) categories above-mentioned, they must be brought out only during the time and day of collection, as follows:
 - Before 9:00 PM every Monday, Wednesday, Friday & Sunday for kitchen and residuals (papers, cartons, bottle, cans, etc.).
 - Before 8:00 AM every Tuesday, Thursday and Saturday for garden/yard waste.
- All garbage bins must be retrieved and brought in on the first hour the following day.
- Tree branches and leaves of palm trees must be cut up to a length of one (1) meter and tied up while the smaller branches/twigs/leaves shall be placed inside the transparent garbage bag, prior to bringing them out on the assigned collection day and time as mentioned above for a more efficient collection.

We kindly request your utmost cooperation on this matter and let us work together towards realizing our vision: "Responsible, Modern and Sustainable Community Living".

Thank you.

MAMERTO R. RODRIGUEZ
Village Manager
