**UPDATE ON DVA DRUG TEST POLICY**

Dear Residents:

The DVA Board of Governors passed a resolution which requires passing a drug test as a prerequisite in the issuance of DVA ID for househelps, construction personnel/workers, security personnel, and other service providers for the following reasons:

- We have many transients who worked for only a short period of time in the Village whose background character is not known to us,
- There are a lot of people coming in and out of our Village who are not under our control and supervision,
- There are househelps who live outside of the Village.

The Board would welcome a request exemption for drug testing on househelps who live with the DVA resident and have been under their permanent employ for at least two (2) years. For the exemption, we will request the resident/employer to sign a document requesting for a waiver with a statement of responsibility on the part of the employer who is requesting for a waiver.

Thank you for your trust and cooperation.
