D.V.A. Circular No. 2019 - 15

June 22, 2019

WATER SERVICE INTERRUPTIONS

Dear Residents:

We reprint hereunder the circular letter from Manila Water Company Inc. (MWCI) dated June 21, 2019:

"Still in line with the continuous decline of the **Angat and Ipo Dams** levels, the **National Water Resources Board (NWRB)** has made another announcement to further reduce allocation for the water concessionaires **effective 22-June-2019**. In this regard, Manila Water will then begin to implement another scheme of rotational water service interruptions for the entire East Zone. Below is the schedule in our area:

City	Barangay/ Area	Interruption Schedule	Schedule with Water
MAKATI	DASMARINAS VILLAGE	9:00PM – 6:00AM	6:00AM - 9:00PM

Public announcement through Social Media will also be made simultaneously regarding this new interruption schedule. We will provide regular updates regarding the water supply outlook for the East Zone. Hoping for your usual support and cooperation."

In this regard, we enjoin everyone to help conserve water by educating and instructing our household members/staff in the responsible use of water like refraining from using hose with running water when cleaning your vehicles and instead use water in pail. Meanwhile, please avoid watering the plants until water supply from MWCI normalized. We also encourage our residents to install or put up water tanks (2 meters in height) in their homes.

Likewise, we would like to inform you that we are pushing MWCI to fast track the rehabilitation of the **five (5) DVA deepwells** and they committed to energize them as soon as possible. We are expecting in two-three weeks if these pumps energized, it can cover 60-80% requirement of DVA.

Thank you.

DVA MANAGEMENT
