**July 8, 2019**

Dear Fellow Members,

We have heard from many of you regarding the requirements for the 2019 sticker application. We are sensitive to your concerns and have resolved to remove the submission of the Data Privacy Consent Form as a requirement; and we will be returning the relevant address Forms that have already been submitted. Further, members who do not wish to leave a copy of the TCT with us may just present a copy of the TCT during the sticker application process and take the copy back after it has been noted by our staff. We remain committed to keeping private any personal information that you submit to us.

We would like to specially thank our fellow members and past board members who took the time to share their knowledge and experience to help us arrive at a solution. Your Board welcomes and encourages this constructive engagement as it helps us become more responsive to your needs.
