PROPER HANDLING OF DOGS

Sometime last week, an incident occurred where a dog escaped from a house and approached a long-time resident walking on the street. The dog's approach caught the resident off-guard, causing him to stumble and fall to the ground, and he sustained minor injuries.

To prevent a repetition of the same incident, we want to remind dog owners/handlers who walk their pets around the village of the following:

- Always keep your dog secured on a leash;
- Ensure that your dog is confined within your residence;
- Restrain your dogs effectively to avoid any untoward incidents. Fines will be imposed on owners of dogs that bite persons or other pets;
- Equip your dog with a muzzle if necessary.

Thank you for your cooperation in keeping Dasmariñas Village safe for its residents.
